

micronVH

We keep your downtime to a minimum

We are thrilled to announce the formal opening of **MicronVH**.

We are thrilled to finally announce the formal opening of MicronVH. **Micron Hydraulics** and **Group VH** entered into a partnership with the aim of becoming the preferred partner in the hydraulic sales market for the UK.

Liah Plowman (Micron Hydraulics) and **Tonny Gjettermann** (Group VH) will be the directors of MicronVH

Micron Hydraulics and **Group VH** have now been working for over one year to prepare this new company. There have been numerous discussions, meetings and legalities in this preparation, including involvement with our suppliers (eg Bosch Rexroth) to ensure everyone is fully informed and supportive of our vision. We are ready for the future!

What's new and what can we offer?

MicronVH is a joint venture between **Micron Hydraulics Ltd** (UK) and **Group VH** (Denmark) in order to offer a truly unique sales solution for the UK market. Using both company's product strengths and expertise, we can offer multiple supply options for **Bosch Rexroth, Oil Control, Danfoss, Parker Denison, Daikin and ICVD** products. Using both parent company's stock holdings, we are especially strong in **Bosch Rexroth hydraulic program** and can offer quick build new units, spare parts and repairs.

GET IN TOUCH

Please get in touch to see how we can help your business keep its downtime to a minimum.

CUSTOMER PORTAL
